A CREATIVE PARTNER, FROM FIRST IDEA TO FINAL IMPRESSION

# Ideas made real.

Jentayu Design is a Malaysian creative design and printing brand helping businesses and organisations communicate with clarity, character and care.

From a first sketch to a finished piece, we bring in-house design and artwork together with production coordinated through selected in-house capabilities and external printing partners.

## OUR POINT OF VIEW

Good design should do more than look good. It should make a brand easier to recognise, a message easier to understand and a product more memorable.
